Launceston Church Grammar School is embarking on an exciting new project, developing a multi-use Community Hub. This new facility will provide new, greatly needed breakout learning spaces enabling students to work in groups.

A vibrant, stimulating and adaptable new teaching space will also be created within the footprint of the Community Hub. Such spaces are crucial to the education of children within a best-practice framework as they allow teachers to be innovative and creative as they facilitate the exploration of new knowledge.

The School seeks your support for this vital initiative. A Tasmanian independent schools grant and funds set aside from Launceston Grammar’s Facilities budget cannot alone meet the costs associated with establishing this exciting new facility. Increasingly, highly effective and well-respected schools in Australia are investing in spaces such as Launceston Grammar’s Community Hub in order to foster positive social and study habits.

Launceston Grammar, as always, takes a leading role in providing the best possible educational and social environment for its students, and the School invites you to join it in investing in this exciting new initiative.

Community Hub fact sheet

Schools are communities as much as they are providers of education. As approaches to teaching evolve to facilitate the best possible learning outcomes, so must campus facilities.

Bordering the oval on Launceston Grammar’s Senior Campus, this multi-purpose building will also house new and greatly needed changing room and toilet facilities.

In addition to the obvious benefits for Launceston Grammar students, the Community Hub will provide a much-needed area for community gatherings. The School is very fortunate to enjoy strong support from its community, and enabling members of the Launceston Grammar community to come together on campus, in comfort will only build and strengthen relationships with families, supporters and members of the wider-Launceston community. Sport plays a pivotal role in School identity and families, supporters and members of the wider-Launceston community, and enabling members of the Launceston Grammar community to come together on campus, in comfort will only build and strengthen relationships with families, supporters and members of the wider-Launceston community. Sport plays a pivotal role in School identity and relationships, and the Community Hub will bring together teammates and rivals, young and old, students, volunteers, teaching staff and alumni.

A bright and contemporary café space will not only offer an opportunity to provide students with a range of healthy food options, but a space to interact and study in a positive social environment. This fully equipped café will also enable the School to deliver responsible service of alcohol (RSA) and barista training to students, opening the way for a range of employment options within the hospitality sector. The planned café will adjoin a new and improved kiosk.

Whilst the School is fortunate to have extensive grounds and outdoor sporting facilities, a shortage of undercover spaces for students to gather, wait and study on campus has long been identified as an issue to be addressed. The Community Hub will provide protection from the elements and a safe place to be at all times of the year.
